

Michigan Renegade Mountain Ride
September 27 – October 3, 2020
Waynesville, NC

There will be two days of travel and five days of riding on some of the best motorcycle roads in the US. We stay at one location and, each day, chose from any one of 20 different routes. Most MSTRiders will ride 1,000 to 1,500 miles so be sure to have good tires with lots of tread.

Ride HQ: All week
Best Western Smoky Mountain Inn
130 Shiloh Trail, Waynesville, North Carolina 28786
Phone: 828-456-4402, ask for Debra or Angie

A block of rooms are being held as follows:

- Check-in: Sunday, September 27, check-out: Saturday, October 3.
- \$79.99/night + tax. Same rate for King and Double, 24hr cancellation. The Inn may also allow you to book early and stay later at this rate - you might need to sweet talk them a bit. Request the MSTRiders rooms and rate.
- The rooms at the back of the Inn are blocked from September 27 to October 3. These rooms are only available for participants who book the entire week. If you are not staying the entire week you will be booked in a room at the front, upper level, which all have quick access to the back of the hotel through breezeways.
- Note the hotel owner has his college reunion being held at the same time and has requested all motorcycles be parked at the back of the Inn to keep noise levels down at the front.

The ride begins in Waynesville, NC. There will be a mandatory rider's meeting at the Inn on Sunday, September 27 at 7 or 8pm (depending on attendance) and then each evening until Friday.

The hotel owner graciously added a BBQ grill for our use, so about one week before the event starts I'll pick one warm and dry evening to have an onsite group cookout. Those who want to join in can either bring their own food for the cookout or, as we did last year, pick it up at a local grocery store.

To join us for **FCR-mr²** get your name on the sign-up list of those planning to attend at any of our monthly meetings or send an email to Ian as noted below. Be sure to make your hotel reservations early. Event information including Rider Information Packages and GPS routes will only be sent to those who have signed up.
