

2024 Michigan Attractions and Oddities Grand Tour

This year will be a little bit of a variation on the theme from last year, visiting some rather interesting sites, and some that might be considered “Tourist Traps” that, none-the-less, definitely are unique to Michigan.

As in years past, we have 14 checkpoints scattered around the state, with eight in the lower peninsula, and six in the upper peninsula. The whole idea of the grand tour is to provide you with a destination and an excuse to go for a ride, – well, 14 destinations actually. It’s quite simple really. All you need to do is ride your motorcycle to as many checkpoints as you are able to do, any time throughout the year. You can visit them all in one big trip around the state, or you can visit one per weekend, whenever you have a day to go for a ride. You can do it alone, or with friends.

At each checkpoint, you simply take a picture of your motorcycle with the checkpoint and the *2024 Michigan Attractions & Oddities Grand Tour* sign visible, then send your pictures to Keith. At the MOTY banquet, you’ll receive a certificate and award for having completed the grand tour, and forever after all your friends will be in awe that they know a “Grand Tourer” (or maybe not).

If interested in taking in some of the scenic beauty of our Great Lake State, and seeing some of Michigan’s wacky sights along the way, simply contact Keith Danielson at keithmdanielson@gmail.com or sign up at a meeting. He’ll send you the information so you can get started on your Grand Tour of Michigan.

We hope to see you on the road.
